Experience

Product Manager, Mobile - Dropbox August 2017 - Present

Shifted the product strategy to focus on team collaboration. Redesigned the iOS and Android apps to bring collaborative flows to the forefront, increasing sharing usage by 66% and commenting usage by 208%.

Leveraged mobile as a critical engagement lever for the cross-platform release of Dropbox Spaces. Launched Team Activity on iOS and Android, which contributes more than half of the overall product engagement across platforms.

Worked on a special project team to develop a company-level product strategy for a 3 year engagement goal. Operationalized this strategy through training and tooling, empowering teams to measure impact and prioritize investments.

Product Manager Intern - Yelp Summer 2016

Analyzed product data and identified opportunity for \$3M/year in revenue from the Call to Action feature. Empowered the sales team to implement a campaign to optimize CTAs across national advertisers.

Led a cross-team initiative to consistently engage with local business owners through on-site interviews and usability tests to increase the PM team's empathy for end users.

Data Scientist Intern - Square Fall 2015

Analyzed user data from the Mobile Dashboard and enabled targeted upsell campaigns by building a model to predict highly engaged sellers.

Conducted a retention campaign for Square Appointments by building a model to predict sellers at risk of churn and having Support reach out.

Product Analyst Intern - Shopify Winter 2015

Enabled data-driven product and marketing decisions through survival, lifetime value, and churn analyses.

Market Strategist Intern - Facebook Summer 2014

Delivered insights to client partners on budget optimization, sales lift attribution, and industry benchmarking.

Projects

Mission High School Programs at Dropbox

Lead a program where Dropbox employees mentor high school seniors in preparing their college applications. Grew the program to 22 mentors.

Run design workshops and career panels with computer science classes.
